I returned to a Combahee with and instructions from the Surveyor general of the United States.
 Remaining there the 29th, 30th and 31st of June. I have measured and surveyed
 the above described tract with John Smith and found both natural and
 artificial as well as situated on his left and described in the field notes.
 I have then returned with this plat to the Surveyor general
 office located this 25th day of Sept. 1845.
